The Technology You've Been Waiting For

WISPs at Forefront of Wireless Tech

- Always trying to reach more users
- Even in areas of low teledensity
- Even in areas without line of sight
- At a competitive price
- Always looking for technology breakthroughs

WiMAX promised...

Affordability

**Inter-
operable
equipment**

Speed

**Broadband
data rates**

Capacity

**Ability to
serve
hundreds
of clients**

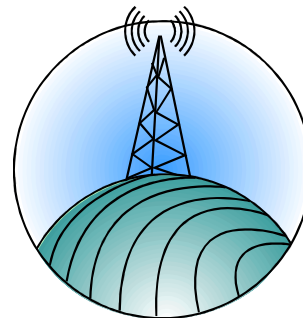

NLOS Operation

**Operation
without
line of
sight**

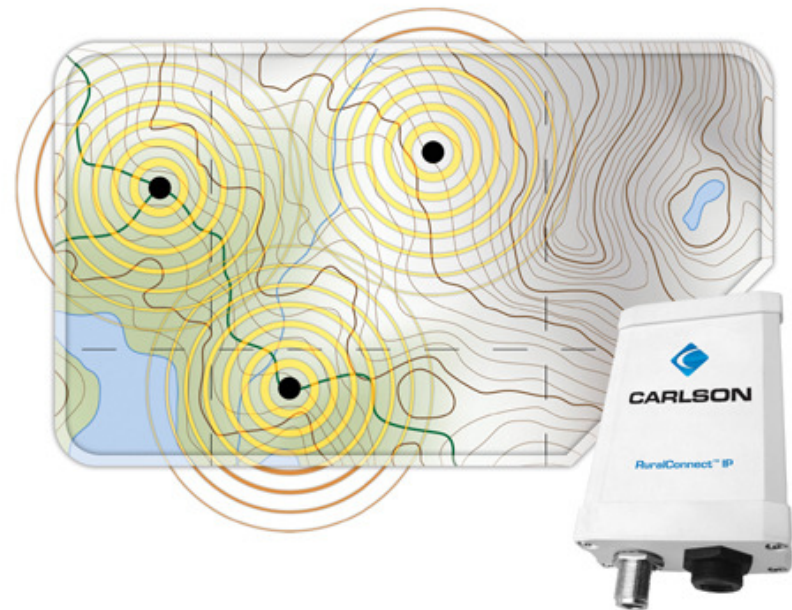

10 Years Later... the Results?

- Less than expected
- Affordable?
- Broadband capable?
- High capacity?
- Non-line-of-sight?

White Space Delivers

- TVWS does all this and more – right out of the gate
- It's the major technical shift that WISPs have been waiting for
- Engineers are hard at work right now adding improvements and features
- *What can you expect now and in the future?*
